Hello Leanna,

This property has gone to appeals and I was not planning on visiting this property yesterday. However, I received a phone call from the Call Center here stating that the tenants were waiting for me. I went to the property and they were ok if I performed the re-inspection because they got all the exterior work done. The exterior deficiencies have all been corrected and they are now approved. The only item that is holding them back is a building permit for the installation of windows and a permit for the new furnace they had installed in late January.
