Christine,

I did a preliminary inspection at this location with the contractor and the association representative. I did not see anything that would prevent me from passing the installation. The termination strips are a normal install and are below the existing parapet caps.

Regards,

**Nathan Bruhn**

Hi Will,

I'm waiting to hear back from the building inspector.

He was out of the office until June 1 and I'm guessing that he's catching up.

I have some concerns with flashing and coping on the parapet and need to connect with him.

I will be at the hearing on Tuesday and plan to connect with the inspector before then.

Thank you,  
Christine

Christine, is there an update on the roof?

And George, I haven't received anything from you after the last inspection. I have another hearing on Tuesday and I would like to review the list to complete my plan by then.

Hi Will,  
Your contractor dropped of an application with my department on Friday and forwarded these photos to me over the weekend.  
I have forwarded them to the building inspector; he is out of the office until June 1<sup>st</sup>.  
I will try to connect with him next week and will keep Inspector Niemeyer in the loop.  
Thank you,  
Christine
