Subject: Please DO NOT approve a liquor license for Midway Target

Dear Councilmembers Tolbert, Stark and Thao,

Please do not support a liquor license for the Midway Target. This liquor store would not provide a benefit to the community, and would provide easy access to liquor. The targeting housing Midway Target and the surrounding neighborhoods have plenty of liquor store; there is no need to add this product at a family shopping store. Target made the move many years ago to no longer sell tobacco products; let's see Target continue this product of being a healthy place for our community to shop.

The Midway Target frequently has a very dirty parking lot and entrance area; adding a liquor store to this business would only increase those problems.

Thank you for your support.

Sincerely,
Dianne Kocourek Ploetz
