Teresa,

We will figure this out. I inclined to avoid penitlies.

Dave,

I appreciate the comment that was made during our last walk through about why we would have to change any code if we are going from church/admin to admin/church. ???

Anyway, last week I walked around the neighborhood at 680 Hague with several of the elders and deacons from Shiloh Baptist Church to obtain the 9 signatures that were required by the Zoning folks – City of St. Paul Consent of Adjoining Property Owners for a Conditional Use Permit. We got the 9 signatures that were required, however, about a dozen residents are opposing the move. The guy that lives directly east of the property is on the Summit University Planning Commission Board. Another neighbor works for the city in zoning. The neighbors are convinced that we are bringing 'offenders' and using improper language to define our population. Even law enforcement agrees that our women are victims.

That being said, we need to do some damage control with the neighbors by holding a 'Dog and Pony' to explain who we are and what we do. We are not opposed to doing that. It will back up the process of purchasing a bit, and that is why I called and left two messages with Steve Ubl today to find out how much our fine would be if we have to stay at 778 another month. We would prefer not to have to work from home or move into 770 University.

None of us are available for a walkthrough of 680 Hague this week. We appreciate Steve offering to do that. That is huge!!! But we have a staff retreat for the rest of this week and given the giants that have been thwarting us lately, we must continue to have this retreat. Perhaps the following week if Steve is available then.

Thanks so much for your assistance in this matter.

Teresa – Steve Ubl, Building Official for the City of St Paul, has offered to walk thru the 860 Hague site to help evaluate any code or occupancy issues with the facility. He is available at 12:30 pm on Wednesday 6/17/15. Can the facility be available for another walk thru? Please let me know.

Thank you.
