RE: 2013 Lincoln Avenue / St. Paul, MN / 55105

To Whom It May Concern:

I am making a request under Minnesota Statutes Sections 1303 and 1304 for access to any and all data that relate to the city's decision to demolish my garage, including but not limited to emails, notes of telephone conversations, phone records, voice mails, correspondence and letters between city officials, staff and specifically inspectors. The timeframe should include January 1, 2014-September 8, 2015. In addition, I want any and all information retained by the City of St. Paul Department of Safety and Inspections related to the standards they use to make these decisions.

Very truly yours,

Camille "Blake" Traylor (homeowner)
