Subject: Preserving St. Paul's dignity

Hello, there

As a lifelong resident of St. Paul, I'd like to encourage you to maintain the honor, class and humanity that lives and is growing evermore in our city. That we were recognized as the most livable city in the United States is of no real surprise to me and I would hate to lose that distinction by allowing racism, classism and xenophobia to thrive or even settle in our midst.

Sometimes, it may be hard to recognize such cancers in their early stages and so, I'll give you a description of just such a malignant form that is currently metastasizing and spreading throughout our county's lymph system in recent months; Orange skin, dirty blonde "hair" and the stench of aristocracy.

Please, do what you can, legally if you must, to stop Donald Trump from achieving and sort of traction or accommodation in our fair city. That his pomposity has attracted so many like moths to a flame only means that the immune must clear their throats and shine a brighter, healthier light and outlive that abomination. He has NOTHING positive to offer.

Thank you for your time and consideration.

Nate Courteau
