Subject: Muslims

Another sad day in America and especially for Minnesota. Muslims have a record in this country of murdering innocent citizens in several locations, the last being San Bernardino. Men are permitted to have 4 wives and a temporary wife for an hour (prostitute) as his discretion. Shariah Law controls the private and public life of the woman. To prove rape, the woman must have 4 male witnesses and she can be beaten at will by her husband.

THANKS for standing up to our countries principals, you dirty rotten, no good mixture of shit on this council. You have a whore , a fucking Hmong and diseased liberal bi-sexual cocksuckers which are proud to fuck the residents. You sick bastards. The Veterans who made this country what it is, say Thanks to you low-life assholes.
