city of saint paul
planning commission resolution
file number 16-05
date February 5, 2016

WHEREAS, Green Line Light Rail Transit ("the Green Line") opened for operations in June 2014; and

WHEREAS, construction of the Green Line involved removal of parking spaces on University Avenue, with the understanding that such decision could be reevaluated after Green Line operations had commenced and new University Avenue traffic patterns became established; and

WHEREAS, stakeholders have expressed a desire to evaluate the return of on-street parking to University Avenue in order to support small businesses and institutions, and to strengthen the pedestrian realm; and

WHEREAS, a study titled "University Avenue Parking Possibilities" ("the study") was conducted for the City of Saint Paul that evaluated the technical feasibility of converting portions of existing vehicular traffic lanes to on-street parking spaces on University Avenue from 23rd Avenue in Minneapolis to Rice Street in Saint Paul; and

WHEREAS, a survey of businesses and residents ("the survey") was conducted for the City of Saint Paul that addressed the potential impacts to respondents of adding on-street parking and preferences for changes to the University Avenue design; and

WHEREAS, a technical advisory committee was established consisting of staff from various affected governments; and

WHEREAS, an advisory committee was established consisting of political officeholders, Mayor's Office staff, and Public Works staff; and

WHEREAS, the technical advisory committee, considering the study and the survey, provided a recommendation to the advisory committee regarding the establishment of on-street parking during certain hours and in certain locations along University Avenue; and

WHEREAS, the advisory committee, considering the study, the survey, and the technical advisory committee's recommendation, provided a recommendation to the Transportation Committee of the Saint Paul Planning Commission regarding the establishment of on-street parking during certain hours and in certain locations along University Avenue; and

WHEREAS, the Transportation Committee, considering the study, the survey, and recommendations from the technical advisory committee and advisory committee, provided a recommendation to the Planning Commission; and

WHEREAS, the Planning Commission held a public hearing on January 8, 2016 regarding the potential changes and has considered all testimony from such hearing, as well as the recommendations and information it received via the Transportation Committee;

NOW, THEREFORE, BE IT RESOLVED, that the Planning Commission recommends that the Mayor and Council of the City of Saint Paul authorize staff to amend the design of University Avenue so as to permit on-street parking from 6:00 p.m. to 2:00 a.m. daily in the following stretches of University Avenue: between Emerald Street and the Fire Station west of Vandalia Street, between Prior Avenue and Aldine Street, between Syndicate Street and Grotto Street, and between Mackubin Street and Rice Street.

BE IT ALSO RESOLVED, that the Planning Commission recommends that the Mayor and Council of the City of Saint Paul direct staff to establish a monitoring process for the first year of on-street parking implementation in the stretch of University Avenue between Prior Avenue and Aldine Street with metrics such as parking usage and public feedback received, and that the results of such monitoring be reported to the Transportation Committee of the Planning Commission.
