Service type: Residential Electric
Service Address: 1036, MINNEHAHA AVE E, SAINT PAUL
MN, 55106-4644
Legal Description: Lot:
Block:

Gas Installation *Where Applicable (Gas not available in TX, NM and SD)

Prior to Xcel Energy service installation, please make sure the following are completed on your site:

- For builders, the site must be within 4"-6" of final grade in installation area.
- The path must be clear of all obstacles from the meter location to the distribution source.
- All private utilities must be clearly marked or identified including sprinkler systems, septic tanks, sewer lines, drain fields, invisible fences, electric lines, pipelines and water wells. Xcel Energy is not responsible for damage to these items if they are not clearly marked.

Prior to energizing the system:

- Customer piping must be inspected before gas is turned on in certain service territories

Electric Installation

Prior to Xcel Energy service installation, please make sure the following are completed on your site:

- For builders, the site must be within 4"-6" of final grade in installation area.
- All private utilities must be clearly marked or identified including sprinkler systems, septic tanks, sewer lines, drain fields, invisible fences, electric lines, pipelines and water wells. Xcel Energy is not responsible for damage to these items if they are not clearly marked.

Prior to energizing the system:

- Be sure all electrical approvals are completed and filed with Xcel Energy.

If there are any changes or addition to this information, please call the Builders Call Line at 1-800-628-2121 or email to us at builders.call.line@xcelenergy.com. Our representatives are available from 8AM to 4PM CST, Monday through Friday. Thank you for requesting service from Xcel Energy. We appreciate your business.

Sincerely,

Builder's Call Line
