

Hello!

We have lived in the Midway area for 12 years and have looked at the old bus barn site as an eye sore.

A stadium, plus development, would revitalize this location. We are soccer fans with kids in soccer club so we are excited about this development. We are also 7 blocks walking distance from the site!

I understand the concerns by my neighbors and share some of those concerns. However, the development would be a great opportunity for our area.

I support the stadium and Midway development.

Sincerely,  
The Dietz Family  
Proud Midway family and {currently named ;-)} MN UNITED fans!
