Saint Paul, MN 55102

Dear Council Members,

The Summit-University Planning Council voted in favor of supporting Jamestown Homes' application to rezone 586 Central Ave W from RM2 to T2. This decision was recommended by SUPC's Neighborhood Development Committee.

Ken Issacson presented to the committee in Mid-January seeking the Council's support, and presented plans to remodel the existing structure. These included plans to create accessible units and parking, as well as updated play equipment. The council is pleased that Jamestown homes is committed to providing accessible housing, and supports their needs to rezone in order to provide better parking and access to the units.

Please feel free to contact us if you have any questions.

Thank you,

Jens Werner
Executive Director
