Subject: 839 Thomas Avenue-Demolition

Importance: High

To whom this concerns,
The reason for this email to express my concern for the slated hearing regarding the potential demolition of 839 Thomas Avenue. As someone who is very involved in the community and a property owner in the area I feel that there is a better use for the property than to simply tear it down. There is and continues to be many vacant lots that have new construction and it is important to preserve the existing housing stock and to do everything we can to see that happen. Please reconsider your stance or delay your vote on this home. Thanks
