Subject: 1410 Breda Ave. Appeal - update after inspection

Importance: High

All, Per the previous hearing I went to the property and looked at the water heater and furnace installations. There were no red flags to indicate the installation was done improperly and this was done over 10 years ago.

As a result, DSI will be withdrawing items, #4, 6, and 7. We will then transfer the RF items into a CofO Folder which will give him the additional time he needs to complete the rest of the work.

The owner has agreed to provide an ORSAT test to ensure the furnace is running properly.

I called and left Mr. Lostetter a voicemail to see if he was still planning on attending today's hearing but there was no need too. Hopefully he will call back and let me know.

Thanks,

AJ
