Hello, it was picked then it was used in fire dept. training after it became eligible for auction. Soonest it would have been auctioned was 6/4/2015 though. So you can change the Police Cost 830.00. Thanks. Sorry, my assistant manager should factor that in. Good news I have a new assistant manager that just started and I'll train her to we get future ones more accurate.

Hi Bret,

I have another towed vehicle I need to check on. The cost is being considered as an assessment onto the property taxes and I just want to confirm. Last year, at 321 Jenks Ave., a white Plymouth MN LP VZB 485 with expired tabs was towed, I think on 4/20/15. The costs is listed as \$1,615.68. Can you send me the detail on this? Thank you!
