Code Compliance Report

November 08, 2012

FHLMC/REAL FIC REALTY 149 THOMPSON AVE E SUITE 112 ST PAUL MN * * This Report must be Posted on the Job Site * *

Re: 656 Desoto St File#: 12 101848 VB2

Dear Property Owner:

The following is the Code Compliance report you requested on October 19, 2012.

Please be advised that this report is accurate and correct as of the date November 08, 2012. All deficiencies identified by the City after this date must also be corrected and all codes and ordinances must be complied with. This report is valid for 365 days from November 08, 2012. This report may be used in lieu of a Truth in Housing Report required in St Paul Legislative Code 189. This building must be properly secured and the property maintained at all times.

In order to sell or reoccupy this property the following deficiencies must be corrected:

BI	JILDING Inspector: Jim Seeger	Phone: 651-266-9046			
•					
•	Repair or Replace any deteriorated window sash, bro as necessary.	ken glass, sash holders, re-putty, etc			
٠	Provide complete storms and screens, in good repair	for all door and window openings.			
٠	Provide functional hardware at all doors and windows				
٠	Weather seal exterior doors, threshold and weather-st	tripping.			
٠	Install floor covering in bathroom and kitchen that is impervious to water.				
٠	Repair walls, ceiling and floors throughout, as necessary.				
٠	Prepare and paint interior and exterior as necessary.	Observe necessary abatement			

- Prepare and paint interior and exterior as necessary. Observe necessary abatement procedures (EPA, MPCA and St. Paul Legislative Code, Chapter 34 for additional information) if lead base paint is present.
- Provide fire block construction as necessary and seal chases in basement ceiling.
- Air-seal and insulate attic/access door.
- Provide major clean-up of premises.

BI	UILDING	Inspector: Jim Seeger	Phone: 651-266-9046	
•	• Install Smoke Detectors/Carbon Monoxide Detectors per MN Conservation Code and the			
	MN Dept. of Labor and Industry: Install per code where feasible.			

- Repair siding, soffit, fascia, trim, etc. as necessary.
- Provide proper drainage around house to direct water away from foundation of house.
- Provide proper drainage around house to direct water away from foundation of garage.
- Install rain leaders to direct drainage away from foundation.
- Install flashing in an approved manner at the intersection of the roof with walls, chimneys, and other conjoined surfaces.
- Provide general rehabilitation of garage.
- Provide ground cover capable of controlling sediment and erosion.
- Openings in stair risers must be less than 4 inches.
- Grade must drain away from foundation of dwelling. Maintain 6 inch clearance between wood and soil.
- Replace floor and framing on south side porch.
- Kill tree and roots at gas meter.
- Replace front steps at house and repair steps to street.
- Remove tree from north side of garage.
- Replace east side garage door.
- Remove wood stove piping from garage and repair roof hole.
- Repair and anchor front wall of garage.
- Remove trash and provide 6 inch. clearance to grade from siding around garage.
- Install drip cap on all garage openings.
- Replace kitchen floor and repair sub floor.
- Replace floor in sink base cabinet.
- Install tempered glass in window at bottom of stairs to 2nd floor and in window at top of stairs.
- Repair front retaining wall.
- A building permit is required to correct the above deficiencies.

ELECTRICAL Inspector: Randy Klossner Phone: 651-266-8989

- Ground the electrical service to the water service with a copper conductor within 5 feet of the entrance point of the water service
- Bond around water meter with a copper wire sized for the electrical service per Article 250 of the NEC
- Provide a complete circuit directory at service panel indicating location and use of all circuits
- Verify/install a separate 20 ampere laundry circuit and a separate 20 ampere kitchen appliance circuit
- Close openings in service panel/junction boxes with knockout seals, breaker blanks, and/or junction box covers
- Provide one (1) light for each 200 square feet in unfinished basement. One light must be switched on from the top of the stairs.

ELECTRICAL Inspector: Randy Klossner

Phone: 651-266-8989

- Ground light in kitchen over sink and disconnect receptacle on fixture.
- Repair or Replace all broken, missing or loose light fixtures, switches and outlets, covers and plates
- Check all outlets for proper polarity and verify ground on 3-prong outlets
- Install hard-wired, battery backup smoke detector and other smoke detectors as required by the IRC. Also, Install carbon monoxide detector(s) within 10 feet of all bedrooms

- Remove wood burning fireplace venting and permanently seal openings.
- Provide a means of return air from every habitual room. Return air can not be taken from closets bathrooms, toilet rooms, kitchen or mechanical rooms.
- Mechanical gas permit is required for the above work.

ZONING

- 1. This property is in a(n) RT1 zoning district.
- 2. This property was inspected as a Single Family Dwelling.

Notes:

- See attachment for permit requirements and appeals procedure.
- Most of the roof covering could not be inspected from grade. Recommend this be done before rehabilitation is attempted.

This is a registered vacant building. In order to sell or reoccupy this building, all deficiencies listed on this code compliance report must be corrected in accordance with the Minimum Housing Standards of the St. Paul Legislative Code (Chapter 34) and all required permits must receive final approval within six (6) months of the date of this report. One (1) six-month time extension may be requested by the owner and will be considered if it can be shown that the code compliance work is proceeding and is more than fifty (50) percent complete in accordance with Legislative Code Section 33.03(f).

You may file an appeal to this notice by contacting the City Clerk's Office at 651-266-8688. Any appeal must be made in writing within 10 days of this notice. (You must submit a copy of this notice when you appeal, and pay a filing fee.)

If you have any questions regarding this inspection report, please contact Jim Seeger between 7:30 - 9:00 AM at 651-266-9046 or leave a voice mail message.

Sincerely,

James L. Seeger, Code Compliance Officer Department of Safety and Inspections City of Saint Paul 375 Jackson Street, Suite 220 Saint Paul MN 55101 Phone: 651-266-9046 Email: james.seeger@ci.stpaul.mn.us
