APPEAL FOR 1125 CHATSWORTH ST N  
CHATSWORTH PROPERTIES LLC (Kay Lovness)  
REF # 15647

All items on the Deficiency list for this property have been corrected as of this date, with the exception of #2, referring to the retaining wall opposite the building at the entrance to the basement apartment and #3 referring to the damaged and cracked window sills and ledges of the building. I am not contesting that these items be done, but only that they are done once the weather is warmer, and the ground is not frozen.

Re: #2 The current danger from the cracked retaining wall has been abated by closing off the entrance to the apartment it serves and having the tenant use the other egress door from her apartment until the wall is replaced. See photo exhibit A of the closed access for the stairwell to this apartment which is affected by this retaining wall.

The solution to the correction of deficiency #2 is to replace this wall, with the work to be complete by no later than June 30<sup>th</sup>, 2017. Building Permit 20 17 007256 has been obtained from the city, with the plan having been reviewed by City Inspector Virgil T. A copy of the approved permit and plan is attached.

Re: #3 Exterior windows will need to be open in order to execute the masonry work to replacing and/or repairing the cracked window sills and ledges which would cause discomfort for the tenants if done in the winter.

The work on the window sills and ledges is scheduled to be completed between May 15<sup>th</sup> and July 31<sup>st</sup> to ensure appropriate weather for this project.

I request your approval of this plan.

Respectfully,

Kay Lovness owner
