Good Afternoon,

The property owner was able to have a contractor pull a permit this morning for the dryer vent. All of the interior items are complete. Two exterior items remain, Garage paint and driveway needing more rock. Property owner says he has a person hired to do both. I recommend approving the C of O today with the 2 corrections being due June 1, 2017. Rich Singerhouse was also with me on the inspection and supports this recommendation. Please advise as the property owner wants to know ASAP what our decision is.

Thanks,

The Most Livable
City in America
