Dear Paula

This letter is to attest that I lived at 843 E. Third St, St Paul, MN 55106 from approximately the early 1960's until approximately early 1971.

I further attest that your property always had two (2) vehicle driveways, one from the street and one from the back alley, essentially creating a through driveway. And also the the back yard area was always used as a parking area.

Sincerely yours,

Mark W. Lavelle
