The Scope of Services for this Agreement is as listed below.

1. **Scope of Services.** The SRO Program has two components:
 - a. *Assignment of Officers:* The City will provide seven (7) School Resource Officers. These personnel will be dedicated to the duties of their School District assignments. These personnel will not be removed from the School District assignments, except pursuant to section 5. The City retains the discretion to assign or remove its personnel as SROs and to train, supervise, evaluate, discipline and direct the work of the officers with input from the District SEM Director. The District shall be included in the interview, selection and assignment process as stated in Appendix A.
 - b. *Basic Services:* The duties performed by School Resource Officers are described in attached Appendix B. The City will provide a Sergeant that is responsible for the supervision of School Resource Officers and maintaining a working relationship between the City and the School District’s Security staff.

Officers assigned under the Agreement will be expected to abide by and are governed by the rules and regulations of the City.

Work Schedule: The City shall establish the hours of work and the days of work for the SRO. However, the City shall schedule officers to work on days and hours on which classes are in session as per the District school calendar. Officers will be posted at their designated school a minimum of thirty (30) minutes prior to the start of the school day and a minimum of thirty (30) minutes after dismissal. The City agrees to limit vacations to no more than three consecutive school days during each school year. The City will reline the first two weeks and last two weeks of the District student calendar. The City will make every attempt to schedule mandatory Police Officers Standards and Training (POST) certification training during school breaks and/or release days. The City will make every attempt to provide alternates to fill in the vacant shifts due to SRO absence or scheduled time off.

4. **Indemnification and Hold Harmless.** Each party will indemnify and hold harmless the other party for actions and representations made by its own employees, officials, agents and representatives, which occur in the performance of the terms of this Agreement or their employment duties, and the results thereof, to the extent authorized by law and shall not be responsible for the acts and/or omissions of the other party or that party's employees, officials, agents or representatives and the results thereof. The liability of the parties shall be limited and governed by provision of the Minnesota Torts Claim Act, Minnesota Statutes Chapter 466, et seq., and other applicable law.
5. **Performance.** Both parties accept full responsibility for performance of the duties outlined herein but neither the City nor the District shall be held responsible for non-performance of its duties or responsibilities under this Agreement if the party's performance was prevented by acts or events beyond the party's reasonable control, including but not limited to: severe weather and storms, earthquake or other natural occurrences, strikes and other labor unrest, power failures, electrical power surges or current fluctuations, nuclear or other civil or military emergencies, or acts of legislative, judicial, executive, or administrative authorities. However, with appropriate documentation, the District reserves the right to request removal of an officer from the unit for performance related issues. Additionally, each SRO will remain under the City's direction and control, and will be subject to police emergency recalls for service, activation of any Tactical Alert throughout the City, and/or as officer necessities arise elsewhere in the City. Emergency recall/tactical alert/officer necessity decisions are within the City's discretion and are not subject to question or liability under this Agreement.
6. **Data Privacy.** The City and District agree to abide by Minnesota Statutes chapter 13 (Minnesota Government Data Practices Act) as well as any other applicable federal, state, and local laws and ordinances. SROs who provide services to the District pursuant to a contract with the City within the definition of school employee promote the state's articulated policy of making schools a safe place for learning. As such the SROs and their immediate supervisor shall have access to the following Campus information: see Appendix A.
7. **Changes.**
 - a. The City or District may request changes that would increase, decrease, or otherwise modify the Scope of Services. Such changes and methods must be agreed to and authorized in writing in advance by the District and City. Any alterations, amendments, deletions or waivers of the provisions of this Agreement shall be valid only when reduced to writing and duly executed by the parties.
 - b. It is understood and agreed that this entire Agreement supersedes any and all oral agreements and negotiations between the parties relating to the subject matter herein.
 - c. If the School District wishes to increase the number of officers, the City may honor such a request at its sole discretion. The School District will fund the total program costs of the additional officers, unless otherwise agreed to in writing by the parties.
8. **Payments and Billings.**
 - a. The District shall make payment to the City in two installments. The first payment, for the first half of the fiscal year, will be made on or before December 31, upon receipt of an invoice submitted by the City's police department. The second payment, for the second half of the fiscal year, will be made on or before June 30 of each school year, upon receipt of an invoice submitted by the City's police department.
 - b. The estimated costs for FY18 has been identified in attached Appendix C with the District share not to exceed \$697,974.45 for FY18. In all cases, actual costs and not a budget estimate will form the basis for reimbursement billings to the School District. If at any time during the period of this contract, the City estimates, or has reason to believe, that the final contract billing will exceed the

“Not to Exceed” amount agreed upon, they shall promptly notify the District in writing. The District or City shall have the option of suspending this program for the balance of the contract school year.

9. Termination.

- a. In the event that the SRO program is eliminated for any reason, this Agreement will automatically terminate. At that point, services will be billed and paid for using the formula as stated in Section 9. A new agreement must be executed prior to the resumption of the SRO program.
- b. If either party wishes to terminate this agreement, it may do so by providing 30-day written notice to the other party, unless otherwise provided herein. Termination may occur according to a schedule mutually agreed upon in writing by both parties.

10. Miscellaneous.

- a. Any failure of a party to assert any right under this Agreement shall not constitute a waiver or a termination of that right, this Agreement, or any provisions of this Agreement.
- b. If a court or government agency with proper jurisdiction determines that any provision of this Agreement is unlawful and rules such provision void, the balance of this Agreement shall remain intact and in full force and effect.
- c. This Agreement shall be interpreted and construed according to the laws of the State of Minnesota. All litigation related to this Agreement shall be venued in a court of competent jurisdiction in Ramsey County, Minnesota.
- d. The assignment of School Resource Officers to the District does not relieve the City of its obligation to provide standard police services to the District nor shall the assignment of SROs to the District be used as a valid reason for Patrol units to refuse to take calls and provide services for the District.
