Lisa,
There is no approval letter/site plan in the address files. The first photo is 2004, obviously no driveway, the second from 2008. Later pictures do not show an existing drive. I would not consider this pre-existing as it wasn't maintained over the years.

I have an appeal on Tuesday that states: Pre-existing driveways to be maintained as currently constructed (including gravel) unless they are expanded upon. However, I don't believe the location of the boat is considered a pre-existing approved driveway which is not maintained. Can you tell me if the area in the photo was ever approved for parking??

Thanks!
