Ms. Moermond gave you until November 1, 2017 to remove the bricks and temporary structure on site. Today is a follow-up to see if this is in compliance so a staff report can be given tomorrow at the Legislative Hearing at 11:00 a.m. in Room 330 City Hall. If you wish to attend to contest, please do so.

Subject: Request for update and extension. 1469 Albany

Ms. Vang,

A man was taking photos of my yard this morning so I am assuming the current stage of my back yard project is questionable in the city's view. I can understand that, and would like to know how to submit an update and request for extended time.

I have attempted to leave all parts of the yard and brickwork to the safety codes I found on city websites for the winter, and will spend the winter completing the planning work and financing to move the bricks not used as a retaining wall/fence as the foundation of a greenhouse, which I will request a permit for in spring, then build through the summer of 2018.

The bricks are currently edging new garden beds and in a rough fire pit area. The weather turned wet and cold before I finished breaking them up and ordering them. I can't work the air compressor at these temperatures and have to stop the work.

I am willing to attend any hearing or whatever process there is to do. However, I am out of town many days in November until Thanksgiving, and am concerned that I will be assigned a time that I cannot attend.

Please let me know what my next steps should be and feel free to forward this to whomever it concerns.

Thank you,
Bernadette Dodge
