Mr. Maietta,

I, Kathy Lantry, Director on behalf of the City of Saint Paul Public Works Department for the (10) vehicles listed in Environmental Initiative's "Project Green Fleet" application for the Environmental Protection Agency's Clean Diesel Funding Assistance Program FY 2017, attest that I understand the contributions necessary to complete vehicle and equipment replacements listed in this proposal.

The required fleet match for the equipment replacements listed will be from the allocated 2018 City of Saint Paul Public Works Fleet Management. If 2018 budget shortfalls do not allow for immediate equipment replacement in 2018, the 2019 budget will provide additional resources to complete equipment replacements by the Clean Diesel Funding Assistance Program FY 2017 deadline of December 30, 2019.

Please contact me with any questions or clarifications regarding this matter.

Sincerely,

Kathy Lantry, Director  
Saint Paul Public Works
