RE: PETITION FOR ADDING ENTERTAINMENT (B) LICENSE

To Whom It May Concern,

We contracted someone by the name of James Carlson Otero to assist us with the timely project of going door to door to obtain petition signatures.

He knocked on every door in the list you provided us and every time he went to secure the signatures on the following dates: (Once the home or apartment signed the form he did not return to that address)

Tuesday 10/10	5 – 7 PM
Wednesday 10/18	5 – 7 PM
Saturday 10/21	1 – 3 PM
Sunday 10/22	4 – 5 PM

As you see, he visited during a variety of days and time slots in the hopes to catch the residents there. He obtained a total of 30 signatures.

Based on the list you gave us, and the conversation Jim had with Kristina, he focused on signatures of residents, not owners necessarily. And, if you eliminate the address' that are either duplicated, do not exist, or are City address', there are only 59 signatures total on the petition list you provided. I crossed off the number of those that we didn't qualify. Based on this, we have about 50% of the signatures.

Also it should be noted that I asked the Land Use committee of WSCO if they received the city notification and they confirmed they did and at their LBU meeting they had no objection to our license request.

Please contact me if you have further questions or need clarification.

Sincerely,

A handwritten signature in black ink, appearing to read 'Milissa'.
