Subject: Support for Brock Obee's noise variance at 924 Hague Ave

Hello,

I am a neighbor of Brock Obee - just across Milton, to the east of his home at 924 Hague.

I'm writing to support his application for noise variance, and furthermore to support its extension to 11pm. I live adjacent to the part of his property that will have live music, and am writing to let you know that I support his requested 11pm time.

He is a long-time resident and friend of the community, and has the support of our neighborhood group. Please consider granting him the variance until 11pm.

Thanks,
Jeffrey Rudolf
