

Utility posts business division manager and water treatment plant operator II positions online

The water utility is seeking to fill the position of business division manager and water treatment plant operator II.

The **business division manager position** is an internal posting that closes May 21. This person will oversee the finance, IS, meter operations, and call center sections.

Must have a bachelor's degree from one of the areas listed on the posting (can be from one of several disciplines).

Must have eight years of employee development, project management, planning or budget experience. Must have four years of supervisory experience. No substitution for supervisory experience, but can use master's degree as substitute for other experience.

Must apply online at stpaul.gov/jobs.

The **water treatment plant operator II** position closes on May 22. This person is responsible for the functional operation of the water softening and purification equipment at the plant. Operates filter units, controls the flow of water into and through the treatment process. Monitors and controls the application of all of the chemicals used in the treatment process. Performs chemical tests and monitors the results. Monitors performance of plant machinery and makes minor maintenance and emergency repairs.

Must complete one of the following:

- A post-secondary program in water or waste water treatment.
- Two years of post secondary education with an emphasis in math or chemistry.

Employees recognized for their many years of service

During national Drinking Water Week, SPRWS recognized the service to the city and to SPRWS of 22 employees with a total of 570 years of service to the city.

A reception was held in their honor on May 7 at 1 p.m. in the cafeteria, which was open to all employees.

There were two recipients of the forty-year award: Pete Davis and John Anderson.

There were two recipients of the thirty-five-year award: Steve Gleason and Mike Knutson.

There were nine recipients of the thirty-year award: Jeff Wagner, Brad Kelbe, Curt Wolf, Dan Salinas, Dennis Splittstoesser, George Moy, Mark Cullen, Kenn Larson, and Bruce Berg.

There were two, twenty-five-year recipients: Don Cheney and Justine Roe.

There were three, twenty-year recipients: Che Fei Chen, Gayle Moser, and Jeff Martin.

And there were four, ten-year recipients: Kim Block, Tim Bagstad, Natilee Squires, and Ben Lee.

Congratulations to all of the years of service award recipients!

Photos on page 2.

- Two years of water or waste water plant experience to include monitoring and controlling application of chemicals; monitoring the performance of plant equipment and machinery; and monitoring data to ensure proper treatment of water.

Must obtain a Minnesota Department of Health class B operator certificate within 36 months of appointment.

Must apply online at stpaul.gov/jobs.
