Subject: Lambda Delta Phi Sorority Appeal

Hello,

I am writing in support of the Lambda Delta Phi Sorority in their quest to increase the number of residents in their sorority from 17-25.

The ladies in the sorority are always respectful of the community and they are never loud or disruptive. Additionally, their request to add the extra space and bedrooms at their own expense indicates that their numbers are growing - which means that if we decline their request, that's just going to be more college students living throughout Saint Anthony Park.

The neighbors around the property may be protesting the expansion based on some misguided perception of noise or thoughts on how many cars the sorority should be allowed to park in their own property, but the fact is that these neighbors are thinking in an extremely selfish manner. The sorority is located directly across the street from the U of M St. Paul campus. And the extra bedrooms are going to be assigned to people who are already part of the sorority. Anyone who speaks against the expansion of the sorority is simply stating that they are ok with more college students living in more properties around Saint Anthony Park as long as they are not on this block.

Thanks,
-Vince
