See e-mail below.

Racquel already added the U-tube link to the Legistar file.

John states that he will not be at the hearing.

How should I reply to his e-mail? Just verify that I received it?

Greetings Ms. Peterson:

Will you please provide the following link to individual(s) who will be addressing the appeal on June 19, 2018, at 11:00 a.m. It is a difficult link to type in. Here you can simply copy and paste the link into your computer browser.

I ask that they note when the camera gets to approximately 66 feet, you can see Lead fitting where the sewer line enters the City Main. We know the sewer line from the house is cast iron, Lead is what they used to use to secure cast iron fitting. You can see the lead securing the fitting to the city's main at 66 feet. There is no dirt, holes, and anything that indicates that the sink hole in the street was caused by the sewer line from this house. The lead fitting from the home sewer line to city main is secure. Problems with the actual city main should not be my daughter responsibility.

I will not be able to attend the hearing in person. I sincerely hope that the appeal hearing will look at the video and give full consideration to the evidence provided. If you any questions please do not hesitate to contact me at 303-882-9083.

Thank you.
