**18 ABZA 17-14**

Public hearing to consider the appeal of Kathryn Engdahl an appeal of a decision of the Board of Zoning Appeals (BZA) approving a variance with conditions to allow a garage in a required front yard at 17 Hall Lane.

*Jerome Benner, Department of Safety and Inspections, gave a staff report on the application and appeal.*

*In response to a question from Councilmember Noecker, he said the proposed garage was a two-car garage.*

*For the appellant:*

*Attorney George Dunn (101 E. 5th Street, St. Paul) appeared on behalf of Kathryn Engdahl and other community members who had concerns. He said he wasn't aware that the building permit was being discussed and thought the only item being discussed was the garage, but his comments could apply to both items. He referred to a packet of materials he had distributed, and described the properties on Hall Lane. He reviewed procedural concerns related to notice and to the ownership status of the property, and he reviewed substantive concerns as to whether the site was appropriate for development. He said the development would not promote the general health and welfare of the neighborhood, and there were safety concerns with disturbing the bluff line. He said it was not consistent with the comprehensive plan in terms of the fragile nature of the bluff and potential geotechnical problems. He said the issue related to practical difficulties did not take into account the question of whether the lot was even buildable. He said the circumstances were created by the landowner when the lot was split. He said the variance would change the character of the neighborhood in that the proposed plan did not include off-street parking. He said neighbors objected to the way the zoning staff had approached this procedurally and felt they were putting the cart before the horse in asking for a variance on a garage without knowing if the lot is even buildable. He said this should be done in a considered and informed manner. He submitted a copy of his prepared remarks.*

*In opposition to the appeal:*

*Andy Zelinskis (1304 11th Avenue South, St. Paul Park) distributed handouts and addressed the appellants concerns related to the buildability of the lot, bluff stability, parking, and communication with neighbors. He described the lot and proposal.*

*Councilmember Noecker said it was legal to build on the lot without a variance, and the issue was whether the BZA erred in granting the variance for a garage in front of the house. She said she felt the two substantive concerns were parking and the*

*stability of the bluff. She said she understood the concerns about parking but didn't think it rose to altering the essential character of the neighborhood or being in harmony with the Comprehensive Plan. She said the BZA meeting minutes showed that the issue of bluff stability had been discussed there in great depth. She said the DNR did not have an issue with buildability as long as there was compliance with setback requirements, and there would be structural review before the building permit was issued. She moved to deny the appeal.*

*Councilmember Prince asked whether the ownership status was an issue. Deputy City Attorney Rachel Tierney said the City could accept applications from non-owners, and it was not unusual for them to want to know what they could do before they purchased the property.*

*Councilmember Prince expressed concerns about the bluff stability. Councilmember*

*Noecker said she also had concerns and appreciated the fact that the BZA asked for a special look to be taken at the time of structural review. She said the fact of the matter was that if the variance were denied there still could be building on the lot.*

*Councilmember Bostrom asked Ms. Tierney whether the variance would follow the property if they decided not to go through with the project. Ms. Tierney said she believed this was a zoning determination, and the general rule was that zoning went with the land. She said if it was not acted in within two years it went away, and if the use was established it ran with the land.*

*Councilmember Tolbert spoke in support of Councilmember Noecker's motion.*

*Councilmember Prince said she would vote against the motion. She said enough questions had been raised that she wasn't comfortable voting on it.*

**Motion of intent - Appeal denied**

**Yea:** 5 - Councilmember Bostrom, Councilmember Brendmoen, Councilmember Thao, Councilmember Tolbert and Councilmember Noecker

**Nay:** 1 - Councilmember Prince

**Absent:** 1 - Councilmember Stark

**19 RES PH 17-223**

Approving installation of bicycle lanes on Stillwater Avenue from McKnight Road to Algonquin Avenue, and bikeway connections on Ruth Street/Algonquin Avenue, Case Avenue, and Hazel Street.

*Luke Hanson, Public Works, gave a staff report. He reviewed the proposal, the results of parking utilization study and the public process.*

*Councilmember Prince said she wanted to make clear that because of a mistake by staff she had just found out about this on Monday, and she normally would have attended community meetings. She expressed concerns about the impact on businesses of loss of parking, and spoke about possible alternate routes. Mr. Hansen responded to her suggestions*

*In opposition:*

*Rob Barbosa (2085 Ames) said he was in support but asked for realignments to address concerns about traffic and loss of parking.*

*In support:*

*Paul Sawyer District 1 Community Council  
Andrew Singer (2103 Berkeley Avenue)  
Brian Martinson (1943 Princeton Avenue)  
Ethan Osten (1288 Marion)  
Melissa Wenzel (613 Burlington Road)  
Rex Schultrich (1672 Hyacinth Avenue E.)  
Tracy Farr (360 Osceola Avenue S.)*

*Councilmember Bostrom moved to close the public hearing. Yeas - 6 Nays - 0*

*Councilmember Noecker said she was in support of these bike lanes and especially appreciated the testimony about equity, but also heard Councilmember Prince's concerns about not having time. She asked whether Councilmember Prince was requesting a layover. She said she would support a layover as it didn't delay project, which was scheduled along with resurfacing in the fall. Councilmember Prince said she wasn't sure a layover would matter that much.*

*Councilmember Bostrom said after the street was resurfaced, (adding the bike lanes) was just a matter of a painting job, and he would like to take a look at the reasonable alternative of using Case. He said businesses deserved equity and were built on car traffic, and he would support a layover.*

*Councilmember Tolbert asked whether that was a motion. Councilmember Bostrom moved a two-week layover. Councilmember Tolbert said it would have to be one or three weeks due to the fifth Wednesday in August. Councilmember Bostrom said three weeks.*

*Councilmember Prince said she appreciated being heard on the layover and felt it was critical they had the opportunity to get more input. She said she considered herself supporter of the bike plan, but she had concerns about the lack connectivity, and about traffic and safety. She said it was worth having staff look at and she would support a layover.*

*Councilmember Brendmoen said it seemed like they (Council) did this week after week after week after week. She said this was part of the bike plan that was approved, and the district council weighed in, and the City staff had an extensive process. She noted that Councilmember Prince had said it wouldn't change anything, and she questioned why they were considering a layover. She said a thorough process had taken place and looking at another route would take more than one to three weeks.*

*Councilmember Prince said she initially said she didn't think it mattered because she knew on September 6 there would be the votes to pass the item. She said she believed that for all City plans there was the option for changes before implementation, and she had not been involved in voting for the Stillwater bike plan. She said she was a supporter of the Bike Plan, and had Margaret Street coming up the following year which was going to involve closing a portion Margaret Street, and she was committed to doing the community outreach necessary to make it possible for her to support that. She said this was not a compelling bike project for her as it was not connected to anything. She said if she was going to vote for implementation of a portion of a plan, it was her job to reach out to her constituents and assess the situation, and that was why she found some projects less compelling than others. She said this would not have connectivity for a number of years, and as Councilmember Bostrom had said, they could always add paint to the road.*

*Councilmember Brendmoen asked whether the layover was to address the connectivity*

*issue or just to lay it over. Councilmember Prince said she could be neutral on the layover because ultimately she didn't think she had the votes.*

*Following further discussion, Councilmember Bostrom said he would withdraw the motion because if Councilmember Prince wasn't going to support it there was no point, and he would just vote against it. He said they had neighbors and businesses concerned, and this didn't connect to anything. He said if they couldn't make changes to City plans, why was there even have a City Council.*

*Council member Thao said he saw all three viewpoints but supported the project and felt there had been adequate process.*

*Councilmember Noecker moved approval.*

**Motion for approval failed**

**Yea:** 3 - Councilmember Brendmoen, Councilmember Thao and Councilmember Noecker

**Nay:** 3 - Councilmember Bostrom, Councilmember Tolbert and Councilmember Prince

**LEGISLATIVE HEARING ITEMS FOR DISCUSSION**

- 33 RLH RR 17-29** Ordering the rehabilitation or razing and removal of the structures at 1426 DESOTO STREET within fifteen (15) days after the August 16, 2017, City Council Public Hearing. (Public hearing held August 16) (Amend to grant 180 days for rehabilitation of the structures)
- Legislative Hearing Officer Marcia Moermond said she had a chance to discuss the case further with the appellant and the attorney in the hallway. She reviewed the conditions set at the previous meeting and progress made in meeting them, and the things she was still looking for. She recommended conducting the public hearing to hear from the appellant about the revised rehab plan and the security plans, and if the additional conditions were met by noon the next Wednesday she would recommend granting 180 days for the rehabilitation.*

*In opposition:*

*Michael Sauer, legal counsel for property owner Ocwen, said he was new to this matter in the last couple of days but had made a significant leap in advancing the paperwork. He reviewed the plans and security measures being taken, and said they would work with the contractor to improve the construction statement.*

*Councilmember Brendmoen asked if this was a rental or homeowner situation. Mr. Sauer said there was a foreclosure and it was bank-owned, and hadn't been homesteaded for a couple of years. He said he was guessing it lost that designation because it was vacant.*

*Councilmember Brendmoen moved to close the public hearing. Yeas - 6 Nays - 0*

Appeal of Elsie Mayard to a Notice of Condemnation as Unfit for Human Habitation and Order to Vacate at 755 MINNEHAHA AVENUE WEST, UNIT #1. (Public hearing continued from August 2)

*Legislative Hearing Officer Marcia Moermond gave a staff report, following up from the public hearing held two weeks before. She said Xcel cut the electric to Unit 1 was cut at the pole for nonpayment. She said that shouldn't affect the appellant's ability to live at the property as long as she lived in the area with electricity and did not rent the unit that didn't have electricity.*

*Thomas Radio, representing Elsie Mayard, said Ms. Mayard was appealing the administrative motion to vacate, on the grounds that there hadn't been a sufficient showing that there was a danger to human health, welfare, or safety. He said Ms. Mayard lived in the upper floor, and it was not a true duplex since the upstairs was accessed through the downstairs, and there was no kitchen upstairs. He said the City's housing code being used as a way for Xcel to collect on its bill, and this had been going on since 2008. He said he'd tried unsuccessfully to get documentation of the bill. He said it was unfair and perhaps unconstitutional for Xcel to use the zoning code and this housing process to enforce a past due amount. He asked that the appeal be granted, or, if not, that the appellant be allowed to enter the second floor through the first and that there be a stay for 30 days to allow time to pursue any appropriate action in district court.*

*Ms. Mayard said the Xcel bill was false.*

*Councilmember Thao said he had allowed the two-week layover with the thought that some progress would have been made. He asked whether any action had been taken.*

*Mr. Radio said the only action that could have been taken to satisfy the order to vacate would have been to have service restored, and due to the amount and confusing nature of the bill they were not able to negotiate with Xcel or NSP to get the power turned back on.*

*Councilmember Thao moved to close the public hearing. Yeas - 6 Nays - 0*

*Councilmember Thao said this had come before the Council over multiple years, and he had have gone to the extent he could to ensure the safety of residents. He said there were codes and guidelines that had to be enforced consistently or they weren't doing their jobs and might be subject to litigation. He said they were not in the business of negotiating between homeowner and the utility, and the City was not working with the utility to create a hardship. He said these were simple City codes and ordinances and it was the responsibility of the homeowner to have running water and utilities or it was unfit. He moved to deny the appeal.*

*Councilmember Tolbert spoke in support of the motion.*

**Adopted (appeal denied)**

**Yea:** 6 - Councilmember Bostrom, Councilmember Brendmoen, Councilmember Thao, Councilmember Tolbert, Councilmember Noecker and Councilmember Prince

**Nay:** 0

**Absent:** 1 - Councilmember Stark

**44 RLH TA 17-324** Ratifying the Appealed Special Tax Assessment for Property at 1021 MINNEHAHA AVENUE EAST. (File No. J1712A2, Assessment No. 178532)

*Legislative Hearing Officer Marcia Moermond said the matter had been referred to the Council after multiple layovers in Legislative Hearings. She said the Council could hear what was in the written record, and act or return the matter to Legislative Hearings; she clarified that her recommendation was to make a decision in Council. She described the situation, showed photos of accumulation of garbage and other materials, and reviewed the dates. She showed a video of the cleanup, and reviewed notifications. Councilmember Brendmoen asked if it was a rental property. Ms. Moermond said it was. Ms. Brendmoen noted that there was another investment property by this owner on the agenda. Ms. Moermond said the owner was not contesting her recommendation on the other property.*

*In opposition:*

*Property owner Robert Stein said the renter passed away. He said the renter had maintained the property and paid rent on time, and didn't go there very often. He said when he didn't get the rent, he went over and found five people living there. He said the people living there said he was harassing them and obtained a restraining order against him. He said the City turned the building into a Category 2 on March 2, and a district judge allowed the people to stay in the building until April 15. He said when they were able to go there on April 16, one of the squatters assaulted his brother. He said he would have been arrested for going to the property sooner and his employees would not go there. He referred to photographs and said he had cleaned it up perfectly within two days.*

*Councilmember Tolbert asked whether he cleaned up after the City did. Mr. Stein said it was dirty two days later. He said with the restraining order they did about \$25,000 of damage to the interior of the house including stolen appliances.*

*Councilmember Prince asked Mr. Stein whether he had notified the City that he was having trouble getting to the property. Mr. Stein said it started with the City wanting to*

*do a five-year inspection, and he had told the inspector he didn't know the people living there and wouldn't go to the property. Councilmember Prince asked Mr. Stein when he got the restraining order. Mr. Stein said he received it about three weeks prior to receiving the clean-up order. Councilmember Prince asked Mr. Stein whether he had considered calling the police to accompany him. Mr. Stein said a neighbor had witnessed the squatters sell the appliances to scrappers, and the police didn't talk to the neighbor. Councilmember Prince said the video showed that the City did the clean-up and did not encounter any resistance. Mr. Stein said the officers wouldn't let him on the property and his employees refused to go. He showed photos taken shortly after the City cleaned up, showing furniture on roof, and conditions that were just as dirty. He said he had 25 properties, and the City had never had to clean up or mow the grass or anything. Councilmember Prince asked Mr. Stein whether he attended or skipped the Legislative Hearings. She said the Legislative Hearing would have provided an opportunity to explain the situation. Mr. Stein said he must have missed it; he said he was in the middle of about nine inspections at other St. Paul properties.*

*Councilmember Prince moved to close the public hearing. Yeas - 6 Nays - 0*

*Councilmember Prince said she appreciated Mr. Stein's situation, but the City notified him and he didn't attend the Legislative Hearings. She said the City did the work and were not interfered with by occupants of the house. She moved to adopt Ms. Moermond's recommendation.*

### **Council Meeting Information**

**The City Council is paperless which saves the environment and reduces expenses. The agendas and Council files are all available on the Web (see below). Councilmembers use iPads to review the files during the meeting. Using the iPad greatly reduces costs since most agendas, including the documents attached to files, are over 1000 pages when printed.**

### **Web**

**Meetings are available on the Council's website. Email notification and web feeds (RSS) of newly released Minutes, Agendas and Meetings are available by subscription. Please visit [www.stpaul.gov/council](http://www.stpaul.gov/council) for meeting videos and updated copies of the Agendas, Minutes and supporting documents.**

### **Cable**

**Meetings are live on St Paul Channel 18 and replayed on Thursdays at 5:30 p.m., Saturdays at 12:30 p.m., and Sundays at 1:00 p.m. (Subject to change)**

**Many people are extremely sensitive to scented products. Please refrain from wearing or using fragrances such as perfumes, lotions, aftershave, scented aerosol products, and other such products.**
