All,

At this juncture, and considering the condition of the building, its maintenance and efforts to rehabilitate it to date, I would not recommend that the city council continue the matter. However, anyone may testify at the city council to make this request of them. The time and date of the hearing is in the same notice which was used for the legislative hearing, so all interested parties received notification some time ago. Here is a record of what is in front of the city council:

Hello Mr. Lapena,

If you sent your contractor to the hearing, he or she was not there. DSI staff gave a staff report but we don't have any record that owner or an interested party was present. Do you know who the contractor is?

FYI: I re-listened to the audio to make sure I wasn't mistaken and no one appeared.

I will need to consult with the hearing officer to see if she is willing to layover the matter.

Hello Mai Vang,

Good day! We received the attached letter advising that no one appeared on the hearing last 06/26/18 on behalf of the owner or the bank. Now, The legislative hearing officer is recommending to the City Council that the building be removed with no option for repair on the public hearing scheduled on 07/25/18.

We previously sent our contractor to the hearing scheduled last 06/26/18 however it still reflected that no one appeared on behalf of the owner or the bank.

Currently we are working with our contractor on addressing the violations reported on this property. What should we do so that this property will not be ordered to be demolished?

Thanks and regards,
