Waleed,

I spoke with you on May 23<sup>rd</sup> 2018 and sent a follow up email that same day. During that conversation you stated that you would turn in current mechanical inspections on Taxicab #'s 1391, 1392, 1395, and 3634. As of today, those mechanical inspections have not yet been received in the office. If we do not received current mechanical inspections on these 4 vehicles by Friday June 22<sup>nd</sup> we will start adverse actions to revoke the taxicab vehicle license from all 4 vehicles. This action would also cause the Blue and White Service Company to fall below the minimum 5 vehicles required to be licensed, therefore adverse action will be taken against Service Company as well. To avoid this action, please submit the 4 missing Mechanical Inspections no later than Friday June 22<sup>nd</sup>. If you have any questions, please let me know.

Thank you,  
Ross Haddow

Waleed,

The following vehicles need updated mechanical inspections turned in ASAP.

1391  
1392  
1395  
3634

Please help me with this as if we don't receive them soon, we will have to take adverse action against each license which may result in not being able to operate in Saint Paul.

Thank you,  
Ross
