Good afternoon Julie,

I wish to admin the fact and want to have a public hearing about the penalty. There is a confusion about the Tobacco license and I obtain in the same week. The Tobacco license is different than the Cigratee license which I never know and I think that it's okay to buy from the license dealer. I purchase from the license vender with the invoices.

I am operating the business in a 1000 square foot building in a neighborhood and however the penalty that I have to pay I cannot afford it. Its a lot of borden to my business to earn and pay this \$2,000 Penalty and 10 days license suspension. I am requesting to disregard this penalty for this time.

Sincerely,

Asian Market INC

Owner,

Tulshi kharel
