**Subject:** 701 Geranium Ave. E.

Inspector Wheeler and I inspected 701 Geranium Ave E. today with Mr. Laliberte.

Mr. Laliberte was very respectful and cooperative on this inspection, falling just short of an apology of the way he has acted offering more of an explanation.

All work on our list has been completed, and a permit for a new roof and window were obtained on July 26<sup>th</sup>. The window and roof appear completed, however he is waiting for his final which should be done soon.

As a result, we are approving the Fire CofO w/ corrections and the August 20<sup>th</sup> (deadline) inspection does not need to occur.
