He said he is going to have the window permit closed only. I told him to talk to Steve Maki.

I sent a email or voicemail stating the earliest the inspector can get to my property is the 24th . Please advise me what my next step should be. Only the window pertains to the fire inspector even tho it was not necessary for me to pull permit for The work did on the window I only pulled the permit to appease the inspector. If you read the comments on how nice my units are after the final inspection obviously I'm not someone that trying to beat the system and provide inefficient housing I offer 5 star housing please let me put this to rest I'm sorry I'm a strong willed and independent person truly believe I'm equal to anyone that is employed government ,state,city ect and because I let my thoughts be heard this is me being punished . I really would like this Just to be done this is causing me stress and anxiety.I would appreciate any assistance Thank you and have a great day .
