Subject: Sound Variance-Orthro Foundation

To Whom it May Concern:

My name is Rachel L Edmeyer, living at 240 Spring St. #327.

The noise is earlier than 7:15 am, set-up occurs well before this time.

I am a medical professional working 12 hour shifts this noise disturbance is unacceptable on a Saturday.

I purchased my condo for location, view and peaceful surroundings. I would also note my condo overlooks the park, the most susceptible location to early morning noise. I did not know or was I informed monthly public activities would be held at early in the morning. I find this continuous activity impacts my personal life along with the other 60 residents.

Please deny this variance.

Thank you,

Rachel L. Edmeyer
