Subject: 610 st albans

Per the city requirements cat. 3 house can not be sold or transferred unless brought up to code first or demoledhed. So my brother and i decided to bring it up to code with our own money then once we received the certificate of occupancy transfer the deed to my brother since he has gifted me the money to fix the repair. This money is set aside soly for st. Albans. Attach is the affidavit you have sent me last week. Due to the time crunch we want to start by pulling permit and have the subs start their ruffins and construction started. In addition to this we are also working with mid country mortgage bank. They are local bank, They have great relation with the city and county. They have approved us and are determined to work with us in this hectic time. I will also have them contact you regarding this matter. If you have any questions please feel free to contact me back. Thank you very much.
