Importance: High

Good morning,

I wanted to provide a brief follow-up on this matter and address the points in the attached letter.

Regarding point 1), I have attached the sheriff's certificate of sale showing my client, Deutsche Bank, purchased the subject property at the sale. A review of a Ramsey County property records shows Deutsche Bank is the present owner of the property.

Regarding point 2), the property has been cleaned out as of December 12, 2018 (see attached photos).

As to points 3), 4), and 5), there are several factors that have resulted in delays. First, my client is still making its own determination as to what work needs to be completed, and obtaining the necessary inspections/estimates with such short notice and at this time of the year has been challenging to say the least. At this time, it appears my client is interested in retaining the structure and making the necessary repairs, as it values the structure in excess of \$150,000. Several of the contractors who have been called out have stated the work that needs to be completed cannot be started until the spring due to temperature issues (i.e. foundation work, painting, roofing, etc.). Second, I am still waiting on authorization to proceed with scheduling the compliance inspection. This is a high-level authorization, and the individuals responsible for same have been unavailable due to the holidays, so I will likely not have an answer until late this week at the earliest. Third, as previously mentioned, eviction was completed not long ago, and my client has been unable to take the necessary steps to evaluate the repairs needed for this property until just recently.

With all that said, we request at least two more months to fully review and ascertain the extent of the defects with this property. None of my client's representatives are located in MN, so coordinating everything that needs to be done is a cumbersome process which will take time. Likewise, I don't expect to be able to add more than what has been stated here at tomorrow's hearing, so I would request a continuance of at least 30 days in order to provide a more substantive response once my client has been able to better evaluate the situation. Please advise, thank you!

Subject: RE: 1368 Alaska Avenue, St. Paul, MN

SPLC 33.03.

It is a category 3, as it has been declared a nuisance and/or dangerous structure.

Thank you for the follow up. Can you cite the specific section of the code that prohibits the sale? I am not finding it in the city building code. Also, is this property a Category 2 or a Category 3 property? Thank you!

Subject: 1368 Alaska Avenue, St. Paul, MN

Good Morning Mr. Stepahni,

You inquired about the sale of 1368 Alaska Avenue in Saint Paul and whether it is an option for your client, rather than rehabilitating or razing the structure. Saint Paul City Code prohibits the sale of buildings declared to be nuisance and/or dangerous structures. The nuisance and/or dangerous conditions must be abated prior to title transfer. Please let me know if you have additional questions.

Best, Marcia Moermond

Legislative Hearing Officer
Saint Paul City Council
651-266-8585
