LIGHT IN N.W. BEDROOM.  
TOOK DOWN CEILING FAN AND INSTALLED OWNERS  
NEW FIXTURE.

LABOR \$151.61

Office (651) 324-8427

**Amount Due \$151.61**

Dear Customer:

The stationary looks different, but the quality workmanship is the same. Ries Electric and Pulse Electric have recently joined forces and combined their resources to better serve the residential and commercial electrical needs of our community. Although the new firm will operate under the Pulse Electric name, all the Ries management and skilled team of electricians are still a telephone call away.

The transition will take several weeks and contact information and telephone numbers will eventually change. Until then, please continue to call the team at Ries at 651 451-2238 for all your electrical needs. As noted on the attached invoice, please forward this and any future payments to the following address:

Pulse Electric  
1410-B Sylvan Street  
St. Paul, MN 55117

We are grateful to you for giving us the opportunity to provide you with residential and commercial electrical services. We are confident Pulse Electric along with the staff of Ries Electric will continue to provide you the level of support and customer service you have come to know and expect. It is a pleasure serving you.

Respectfully,

Pulse Electric Company
