Hello Mr. Zakharov,

You came the Legislative Hearing on March 19 and that time, Ms. Moermond stated she need information from inspector's feedback about any of the conversations he may have had. On March 19, Inspector Suon stated that he has never spoken or met the tenant. He talked to you and never said it's ok to keep the firewood there which is why he took photos. The first time he rechecked, you made some progress so he didn't send a work order. He did send another Summary Abatement Order. You called and said you will talk to the tenant, asked for an extension and was granted. Upon recheck, no progress was made so he called you and sent another Summary Abatement Order but upon another recheck, there was no progress. Based on this information, Ms. Moermond recommends approval of your assessment.

If you wish to appeal further, the City council Public Hearing is on May 1, 2019 at 3:30 p.m. in Room 300 Council Chambers/City Hall.
