WARNING: Code inspection and enforcement trips cost the taxpayers money. If the violations are not corrected within the time period required in this notice, the city's costs in conducting a reinspection for compliance after the due date will be collected from the owner rather than being paid for by the taxpayers of the City. If additional new violations are discovered within the next following 12 months, the city's costs in conducting additional inspections at this same location within said 12 months will be collected from the owner rather than being paid for by the taxpayers of the City. The Enforcement officer cited 24 Congress st. West for garbage and recycling containers on the boulevard. For as long as we have owned the property we have had problems with the trash containers. The property is on a very steep hill. We went though a bunch of trash containers because of the height of the front stairs. As the full trash bins were brought down the stairs it would break the wheels off of the bin. Up until now the tenants had football players to move the trash up and down from the boulevard to the yard. They are going off to college. Somebody is going to be injured moving all these containers up the stairs or down the stairs. We do not have an alley; we only have the front to put the trash out.
