To the Saint Paul City Council:

March 2018

I (We) oppose the sale of any land from Lot 21, Block 37, Saint Anthony Park North. This land was given to the city of Saint Paul by neighborhood residents in 1917 to be used for library purposes. We oppose the loss of any of the Saint Anthony Park Library land as it is part of our neighborhood's green space. I (We) ask you to VOTE NO on the sale of any of this land.

Dear Councilman:

I am writing this e-mail in opposition to the sale of Saint Anthony Park Library property to the adjacent residential property owners.

As a member of the Friends of the St. Paul Public Library and the St. Anthony Park Library Association I have serious reservations about the "disposal" of this property to accommodate a claim by the adjacent property owner that they are rightful owners of the property.

The claim appears to be questionable and the sale is being proposed with little recognition for the fact that this land was dedicated to use by the library. Its sale disregards the original intent of the landowners who gave the property AND the dedication of the St. Anthony Park Library Association members who have donated their efforts, time and money, to ensure the existence and viability of this branch of the library. On at least one occasion when the St. Paul Public Library was in serious financial straits and planned to close this branch of the library, they financed an addition and ensured its survival.. It is now one of the most active branches of the library because of their efforts and the addition that was funded.

Maintenance of the original land donated for this facility ensures its future viability and survival. Sale of the land limits potential expansion of the facility, slights the dedication of the individuals who have ensured and supported the existence of this branch library, and makes a short sighted accomodation to claims to the property that are at best spurious.

Please reconsider this sale.
