Good Morning Joanna

I just to give you an update on the whole situation. Gopher Groundworks Plus is working on bringing new water and sewer line to the building. He was on site this morning with couple of underground utility locating companies. His plan is to pull the permit tomorrow thru a master plumber licensed in the city of St. Paul. Weather permitting he will start the work no later than Monday September 16, 2019.

I have contacted several licensed contractors before and after the last hearing on September 3, 2019 but no one has given me any final proposal yet.

Thank you very much for your understanding.
