Hello,

The owner of the property has requested that Renters Warehouse complete an inspection of the property. This is standard procedure upon owner's request and should only take 20-30 minutes at the most. I will walk through the property, note it's condition and take a quick video for record. While my goal is to document the property and it's fixtures, personal property may be indirectly filmed. Please note that any personal property you would not like seen should be stored. I will be conducting the inspection 8/27/2019 2:30 PM. The Renters Warehouse Inspections department does not have a set of keys to your property so if you could please coordinate with me to allow access it would be much appreciated. If you can be present that would be great. Otherwise providing a Hidden key or a garage code would work as well. If you will not be present, please ensure all storm/screen doors are unlocked and dogs are kenneled (if necessary).

Thank you and have a great day.
