

## Affidavit Statement

1. My name is Tetra Constantino, I am the owner of 410 Virginia Street and 346 Fuller Avenue Saint Paul, MN 55104
2. Both of these properties share the same property id and are one of only a few properties in Ramsey County to do so.
3. I have had a commercial trash service at this location for over 20 years. Advanced disposal currently provides trash service.
4. They (Advanced Disposal) has picked up trash on 11/18.
5. I have spoken with Daniel Schleck, of Messerli & Kramer who is the attorney for the trash consortium. This includes Advanced Disposal and Republic Services. I have explained to him the situation and he indicated the City of Saint Paul is responsible for cancelling existing contracts and that the new contract cannot be enforced until the old one is cancelled.

I ask that the garbage billing for republic services be eradicated or paid for by the City of Saint Paul. Furthermore, there was a commercial contract in place and republic services has never picked up any trash. There was a commercial dumpster that the residents have been using. The trash bins were not on my property line.

Sincerely,

Tetra Constantino
