Subject: 721 4th

Hi Marcia,

We have a small amount of history at 721 4th.

In October 2017 we received a complaint that the dog was running at large. We wrote the owner an advisement.

In February 2018 the dog bit a person causing a single puncture. SPPD took a report, but did not take pictures of the injury. Later, the victim told the animal control officer that he didn't want anything to happen to the dog or owner. If the victim won't testify about the bite there is nothing else we can do, so the case was closed.

The dog was licensed in 2018. The license is set to expire in August, 2020.
