1/7/20: Inspector Rick Gavin called and stated the following:

This is a vacant building under monitoring. While monitoring the property, he found someone (a woman) living in the garage. Found a wood burning stove and mattress. Officer Koehnen arrived with a social worker and secured the garage and the woman left with the social worker. Owner not maintaining property and not responsive. Met the realtor there but said he can't do any maintenance, but property was under his watch.
