Brick on West
side of house

A photograph of a garden bed. In the foreground, a curved border of red bricks separates the garden from a grassy area. The garden bed is filled with various green plants, including large-leafed hostas with variegated leaves on the right, and smaller plants with lobed leaves in the center. A large, light-colored rock is visible in the lower-left corner. A white sign with black text is placed in the middle of the garden. In the background, a black metal fence runs along the garden, and beyond it, a paved area with several parked cars (a blue car, a dark SUV, and a white car) is visible. The scene is set in a lush, green environment with trees in the distance.

Park
Nursery

A photograph showing a tree trunk in the center, surrounded by a dense layer of green and yellow variegated plants. The plants are contained within a border made of red bricks and grey cobblestones. The border is situated between a concrete sidewalk in the foreground and a paved area with scattered autumn leaves in the background. A black car is partially visible on the right side. A handwritten note and an address label are overlaid on the bottom of the image.

495 Summit
Victorian Garden

A large, ornate Victorian house with a wrap-around porch. The house features white siding, a red roof, and decorative red and white trim. The porch has white columns and a decorative railing. A stone wall runs along the sidewalk in the foreground. The house is surrounded by a lawn and trees, including a large tree with red leaves on the left.
