Thanks for the phone conversation this afternoon. It is now 11:15 pm and, I just arrived home,. I know that I am very tired right now and can barely type,.
You are giving me barely less than 5 hours to submit a testimony. In summary, my vehicle was not abandoned, it was well parked and isolated inside my premises where it was towed. Secondly, I was out of the country for a period of three months to bury my father, so, there was no one seconding on my behalf in the house. If you want I can tender copies of my itinerary and receipts. Although, the licence tab was expired but my vehicle was operable and drive-able. I was going to sell it at an offer of two thousand dollars but, couldn't seal the deal before I hurriedly left. The assessment committee was unable to show me what my vehicle sold for and how they came to their calculations. I feel my valuable access was lawfully taken away from me and I am asked to double my losses. I humbly request that this assessment be reconsidered at least, settled for a lower penalty. Thanks in anticipation for your favorable disposition.

Sincerely Yours,

Efe Mike Puegeren
