Re 20130005371

We support of the modification of license conditions to remove restrictions on the hours when hard liquor may be sold, the method of sale for hard liquor, and to permit the expansion of bar seating.

We support the removal of the license conditions:

- hard liquor service will terminate with the closing of the kitchen at 11pm on weekdays and midnight on weekends.
- No happy hour specials on hard liquor drinks
- No expansion of bar seating -- currently there are approximately (9) seats.

Thank You.
