Nneka Constantino 1441 University Avenue W Saint Paul, MN 55104

Dear Nneka Constantino:

Attached is the sworn construction statement for the balance remaining to cure the code compliance. Please note the funds are not due at this time, these funds will only need to be paid according to the attached timeline.

The timeline could be greatly impacted if DSI/City of Saint Paul doesn't allow work to commence on the property and/or there is a time delay with the inspections. Once I receive notice that I can pull a permit I will do so within 3-5 business days and we will begin the project.

Property Address:

1282 Hague Avenue

Saint Paul, MN 55104

I would highly recommend you speak to someone at the Department of Safety and Inspections. The current open permit is contingent on other work being done which requires a permit and if those permits cannot be issued it will continue to push back the timeline. We feel that you could be complete in 6 months as originally discussed as long as we can obtain permits and have the property inspected within a reasonable timeframe.

Sincerely,

Ahmad Lachapelle, Lic. #BC727627
