**Subject:** License App Notification/Green Mill

Dear DSI department,

We received the letter regarding Green Mill's application for a license (#20130005371). We are writing to notify you of our objection to the third condition that has been requested to be removed, i.e., "no expansion of bar seating – currently there are approximately nine (9) seats." As neighbors of Green Mill, we do not support removal of the limit on bar seating. Particularly if we do not know the intended number of new bar seating that is being planned.

Thank you.

Sincerely,  
Jeff and Jennifer Smith
